Dear Dr.M.N. Khan

Before that I apologize, because I was not careful, there were still some typos regarding the isolate code in the sentence, based on fig 2. The highest mycelium... A4A and D4B were replaced with Jc4 and Jc14. And another sentence, the highest percentage yield resistor was PB4b replaced with PJc 10. The the dominance of space that occur in PB4b is replaced with PJc 10. I hope you don't mind helping me.

Thanks and regards,

Dr. Rizali

Dear Dr. M. N. Khan

This is the same as before, there are no corrective changes to the figures that I emailed this morning. I'm confused why you don't use the correction figure that was sent via email, according to your request.

Ones again I hope you check in your email, the correction figure. So that no wasting time.

Thanks and Regards,
Dr. Rizali
