DETAIL

Dear undefined Huldani,

You have been registered for Editorial Manager (EM), the online submission and peer review tracking system for International Immunopharmacology.

You may have been registered for one of the following reasons:

\*The Editor would like to add you to the journal's database as a potential Reviewer for future submissions. A separate review invitation will be sent once you have been selected to review a submission

\*You authored a submission that was transferred to this journal from an alternate submission system

\*You have been registered to receive an invitation to contribute to a special issue

\*You have recently been added to the Editorial Board of the journal

Please log into the EM site at <https://www.editorialmanager.com/intimp/> using the following username:

uHuldani-289

To set your confidential password, click this link: [click here to create your password and login](#)

When logged in, you can change your password and personal information at any time by clicking the "Update My Information" link on the menu.

Kind regards,

International Immunopharmacology

Invitation to review for International Immunopharmacology

28 Oktober 2022 23.28

Dari:  International Immunopharmacology

Kepada:  undefined Huldani

Manuscript Number: INTIMP-D-22-03533

Progression of pre-Rheumatoid Arthritis to clinical disease of joints: Potential Role of Mesenchymal Stem Cells

Yogesh Sardana; Gurjit Kaur Bhatti; Charan Singh; P. Hemachandra Reddy; Jasvinder Singh Bhatti

Dear Huldani,

I would like to invite you to review the above referenced manuscript submitted by Dr. Jasvinder Singh Bhatti, as I believe it falls within your expertise and interest. The abstract for this manuscript is included below.

You should treat this invitation, the manuscript and your review (as well as other reviewer comments shared with you) as confidential. You must not share your review or information about the review process with anyone without the agreement of the editors and authors involved, irrespective of the publication outcome. If the manuscript is rejected by this journal and the author agrees that the submission be transferred to another Elsevier journal via the Article Transfer Service, we may securely transfer your reviewer comments and name/contact details to the receiving journal editor for their peer review purposes.

Please respond to this invitation at your earliest opportunity.

If you would like to review this paper, please click this link:

[Agree to Review](#)

If you have a conflict of interest or do not wish to review this paper, please click this link:

[Decline to Review](#)

If you decline to review I would appreciate your suggestions for alternate reviewers.

If, for any reason, the above links do not work, please log in as a reviewer at <https://www.editorialmanager.com/intimp/>

Since timely reviews are of utmost importance to authors, I would appreciate receiving your review within 14 days of accepting this invitation.

Once you submitted your review, you will receive a notification from Elsevier's reviewer recognition platform, which provides you with a link to your "My Elsevier Reviews" private profile page. You can collect your review certificates, editor recognition as well as discounts for Elsevier services from your profile page.

I hope you will be able to review this manuscript. Thank you in advance for your contribution and time.

As a reviewer you are entitled to complimentary access to references, abstracts, and full-text articles on ScienceDirect and Scopus for 30 days. Full details on how to claim your access via Reviewer Hub ([reviewerhub.elsevier.com](http://reviewerhub.elsevier.com)) will be provided upon your acceptance of this invitation to review.

Please visit the Elsevier Reviewer Hub ([reviewerhub.elsevier.com](http://reviewerhub.elsevier.com)) to manage all your refereeing activities for this and other Elsevier journals on Editorial Manager.

Kind regards,

Hajo Haase

Associate Editor
