Dear Dr RINGORINGO,  
Recently we have received at our **Medical Science Monitor** office a paper entitled **"The molecular epidemiology of Bordetella pertussis infection from 2018-2019 in Tianjin China in cases received ACVs"**.

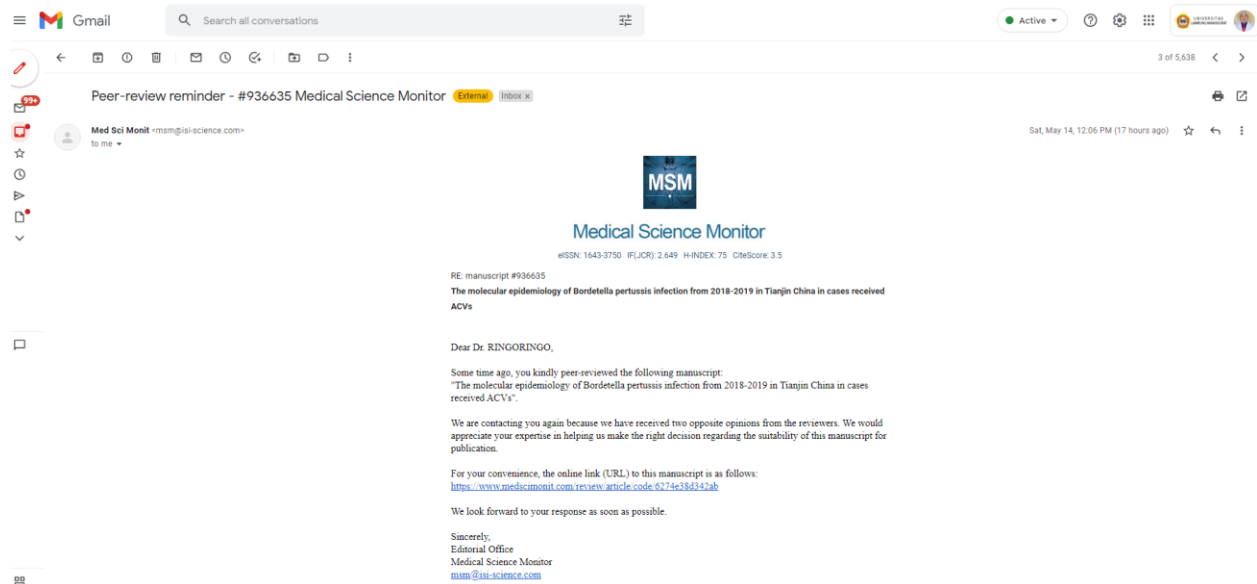

As a registered reviewer, we are sending this request to you based on the specialties that you have listed for yourself.  
We would be very grateful if you could kindly critically evaluate this manuscript by 16 May, 2022.  
To view the abstract of the paper, and determine if it fits your expertise, please kindly click the link below:  
[www.medsci-monitor.com/review/article/coda/6274e38d342ab](https://www.medsci-monitor.com/review/article/coda/6274e38d342ab)

If, for any reason, you are not able to fulfill our request, please click the [Decline] button after clicking the link above. This will help us to react promptly and send out additional review requests.  
The authors will be especially grateful, as it will help to shorten the whole evaluation process.

We look forward to your decision.

Sincerely,  
Editorial Office  
Medical Science Monitor

RE: manuscript #936635  
**The molecular epidemiology of Bordetella pertussis infection from 2018-2019 in Tianjin China in cases received ACVs**

Dear Dr RINGORINGO,

Some time ago, you kindly peer-reviewed the following manuscript:  
"The molecular epidemiology of Bordetella pertussis infection from 2018-2019 in Tianjin China in cases received ACVs".

We are contacting you again because we have received two opposite opinions from the reviewers. We would appreciate your expertise in helping us make the right decision regarding the suitability of this manuscript for publication.

For your convenience, the online link (URL) to this manuscript is as follows:  
<https://www.medsci-monitor.com/review/article/coda/6274e38d342ab>

We look forward to your response as soon as possible.

Sincerely,  
Editorial Office  
Medical Science Monitor
