Dear Abdul Gafur:

Please find enclosed a review request for manuscript #77969 "[Assessing ecosystem services of abandoned agricultural lands: a case study in the forested zone of European Russia](#)" by Daria Anpilogova, Alla Pakina, submitted to the One Ecosystem. Subject editor for this manuscript is [Paula Rendon](#).

The review process in the One Ecosystem is easy and straightforward. After looking at the manuscript through the above link, you may record your agreement (or disagreement) to review it. We would like to receive your decision to accept or decline the review within 5 days, by 09/01/2022. Should your decision be positive, we shall be expecting your review within 10 days. Please kindly inform us if you need more time for evaluation.

We are also collaborating with Publons to give you the option to receive official credit for your review on Publons.com. You can learn more about how this works at <https://publons.com/in/pensoft/>.

Thank you for considering this request.

SCOPE

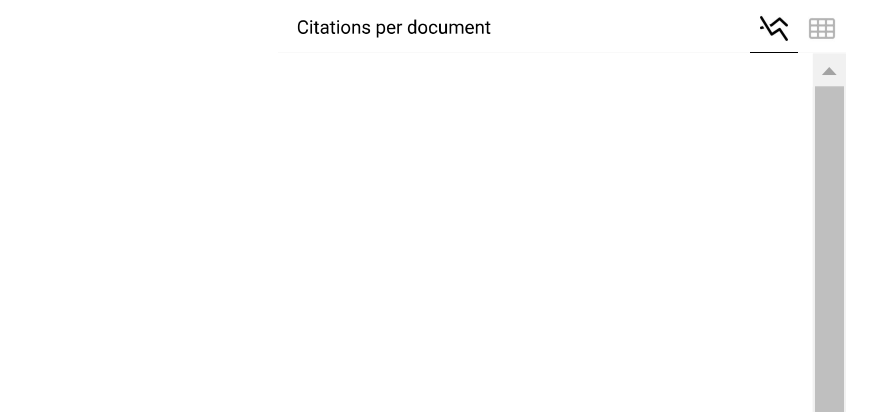

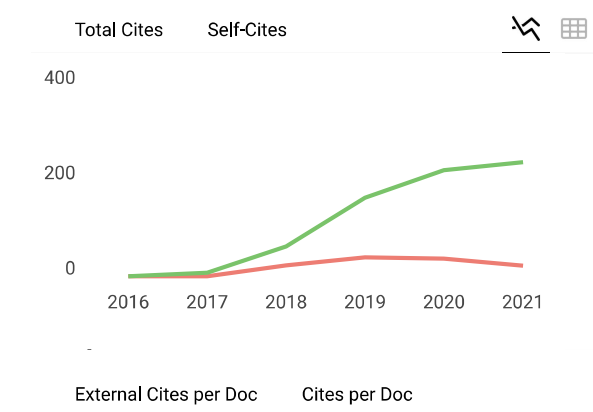

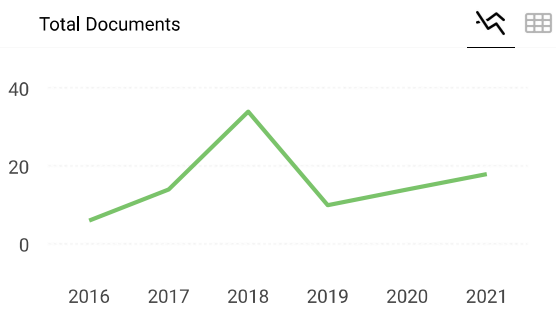

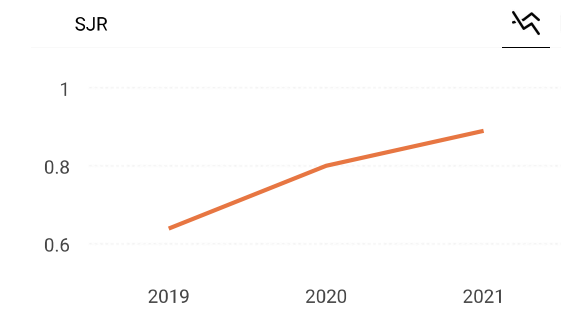

One Ecosystem is an innovative Open Access scholarly journal which provides a forum for studies in the field of ecology and sustainability. In addition to conventional research papers, the journal welcomes contributions documenting the entire research cycle, including data, models, methods, workflows, results, software, perspectives, and policy recommendations. The journal will specifically address the following topics: Ecosystem services, Climate change, Landscape ecology, Land use change, Marine and freshwater ecology, Forest ecology and forestry, Agriculture, Tourism, Urban ecology, Restoration ecology, Environmental impact assessment, Health, Waste and water management, Sustainable land development, Environmental economics and policy, and Urban development. Ecosystem services mapping and assessment, including aspects related to ecosystem services indicators, modeling of potentials, flows, and demands, represent a topic of special interest for One Ecosystem.

The users of Scimago Journal & Country Rank have the possibility to dialogue through comments linked to a specific journal. The purpose is to have a forum in which general doubts about the processes of publication in the journal, experiences and other issues derived from the publication of papers are resolved. For topics on particular articles, maintain the dialogue through the usual channels with your editor.
