Dear editor

I would like to ask my paper entitled "**Analysis of quercetin and kaempferol levels in various phases of the melamine malabathricum Linn**" (paper #6846) to the International Journal of Plant Biology. At what volume will my paper be published? And I want to get my paper edited in pdf format. My paper has long been submitted, ie since August 2016, it has been since over a year ago. Thank you

Dear Dr. Isnaini,
Thanks for your message and sorry for the late reply and feedback.

We are paginating the accepted papers right now; therefore, you will receive the proofs soon. Your article is scheduled for publication in the second issue of this year, which will be released before December.

I apologize once more.

Best regards
Emanuela
