Dear Authors,

Thank you for your submission. Authors are encouraged to provide a graphical representation of the paper as a self-explanatory image to appear alongside with the abstract appearing on the Table of Contents. It will help attract more readers and increase the visibility of your paper once it is published online.

A graphical abstract (GA) is an image that appears alongside the text abstract in the Table of Contents. In addition to summarizing the content, it should represent the topic of the article in an attention-grabbing way. Moreover, it should not be exactly the same as the Figure in the paper or just a simple superposition of several subfigures. Note that the GA must be original and unpublished artwork. Any postage stamps, currency from any country, or trademarked items should not be included in it.

The GA should be a high-quality illustration or diagram in any of the following formats: PNG, JPEG, TIFF, or SVG. Written text in a GA should be clear and easy to read, using one of the following fonts: Times, Arial, Courier, Helvetica, Ubuntu or Calibri. The minimum required size for the GA is 560 × 1100 pixels (height × width). The size should be of high quality in order to reproduce well.

Please kindly provide a Graphic Abstract to present your research and send it to us via email, we will help upload it to the editorial system. If you need any further information, please do not hesitate to contact us.

Kind regards,

Dear Dr. Andrestian,

We invite you to proofread your manuscript to ensure that this is the final version that can be published and confirm that you will require no further changes:

At MDPI, we believe in the fast dissemination of sound, valid scientific knowledge. Once accepted for publication, we aim to ensure that research is published as soon as possible.

Please upload the final proofed version of your manuscript within 24 hours, and please remember that we are able to be flexible with this timeframe should you alert us. If you need more time, please inform the Assistant Editor of the expected date that you will be able to return the proofread version.

Dear Authors,

We have recently sent you a request for final proof-reading of [nutrients-1910403](#). You now have the option to connect your ORCID to the paper via the following link:

<https://susy.mdpi.com/author/orcid/confirm/c1b9d4debaa9ef113c8f6c5b7e87718f>

ORCID is an open, non-profit, community-based effort to provide a registry of unique researcher identifiers and a transparent method of linking research activities and outputs to these identifiers. ORCID is unique in its ability to reach across disciplines, publishers, research sectors, and national boundaries and its cooperation with other identifier systems. The link above allows you to register a new ORCID if you don't already have one.

Best regards,
Ms. Tracy Liu
