Dear Rahmadi:

We have reached a decision regarding your submission to the Bio Gecko Research Journal "Physical Education Instructional from the Sociological Aspect of Wetland Areas During COVID-19 Pandemic"

Reviewer Comments

For author and editor

The manuscript, titled: "Physical Education Instructional from the Sociological Aspect of Wetland Areas During COVID-19 Pandemic," was thoroughly reviewed. This study is to improve the ability of teachers to develop high-level reasoning questions.

1. There are a lot of grammar mistakes and sentence formation issues throughout the paper. Please check with a native English speaker.
2. The abstract is not well prepared. The materials and methods section is very poorly given. Please rewrite it. The abstract should be a summary of the research work. Please concentrate more on the background, objectives, analysis process, result, and conclusion. Please follow the journal format. Provide relevant sections and subsections only. Remove unnecessary statements from this paper.
3. Please follow the journal format. Provide relevant sections and subsections only. Remove unnecessary statements from this paper.
4. Please provide Table 1 as a review of the literature section.
5. Why is the literature study section included? Add those points to the introduction section.
6. A detailed methodology section is to be provided. This section should describe the only analysis process.
7. Without a proper methodology section, we cannot check the results, so add a methodology section.
8. The entire result and discussion were very poorly prepared. There are numerous sentence formation errors in the result and discussion sections. The full abbreviation must be explained at its first use. Parts of the methodology were explained in the results section. It's not acceptable. Please restructure the results section.
9. Please read the Authors' Guidelines section carefully and format it according to the journal's author guidelines. Check the journal alignments and make sure that all the references are given in the reference section. The reference should be formatted in APA 6 style. Please refer to the reference format based on this link: <https://libguides.library.usyd.edu.au/c.php?g=508212&p=3476096>

If you have any questions, please contact me. Thank you for considering this journal as a venue for your work.
