SAR Journal <office.sarjournal@gmail.com> to me

Dear Andi Ichsan Mahardika,

References should be presented in a **full form** (in APA style).

We reviewed the first 6 references.
Correct the objections listed in COMMENTS and check the remaining references from 6 to the end.

The reviewer has noticed that you have multiple references in the paper from the same source, suggesting that we deliberately cite that source (Int. J. Interact. Mob. Technol.). Leave three such references, and delete the others.
Also, this applies to other same sources cited more than once.

After the corrections you should send us your paper again as soon as possible.

Best Regards,
Editorial Board office,
