Dear Dr. Santoso,

Regarding your manuscript submitted to AACL Bioflux, the editorial team has some requests prior to acceptance (please see the attachment).

Please note: Always operate corrections/additions (or deletions) in the manuscript we are sending you, by **highlighting with a bright color** (for an easy identification). We never work on the manuscript you send back, just identify the corrections and operate them on our document (to avoid any undesirable accidental operations like changed page set up, otherwise the editors have to start all the work from the beginning, and we cannot ask them to re-check every manuscript word by word to identify unmarked modifications).

Thank you for understanding!

--
Kind regards,
Editor AACL Bioflux
Eniko Kovacs

Dear Dr. Santoso,

Apologies for the delay.

Could you please check the final form of the article attached, some adjustments were operated. Please also address the comments from the references.

If you have any final observations and instructions prior to the article publishing, please inform us, any changes should be clearly highlighted. Change requests cannot be considered after publishing the material.

If all the authors agree with the final form of the article, could you please send us your acceptance for publishing, signed by all the authors.

Dear Eni Kovacs PhD

I have corrected the manuscript according to suggestions from the editorial team and I sent it back for acceptance. The authors agree with the final form of the article "**Heavy metal concentrations in water, sediment and giant mudskipper (*Periphthalmodon schlosseri*) in the coastal wetlands of Kuala Lupak estuary of the Barito river, Indonesia**". The publication approval letter from the authors is attached. Thank you for correcting our article..
