Reviewer A:

Dear author,

Here are some comments for the paper titled 'The morphoanatomy, histochemistry, and phytochemistry of the leaves and fruits of *Rhodomyrtus tomentosa*' :

- This paper has too brief in the 'Introduction' part (it should consist of about 600-700 words)
- This manuscript has outdated references to be published in Biodiversitas Journal. Reference list should consist of at least 20 citations which 80% of international scientific journals published in the last 10 years (2012-2022), and a maximum of 10% references from national publication
- Please follow the guidance for reference writing (<https://smujo.id/biodiv/guidance-for-author>)

Best regards

Recommendation: Revisions Required
