Active components and biological functions of food

It has been reviewed by experts in the field and we request that you make major revisions before it is processed further. Please find your manuscript and the review reports at the following link:

<https://aimspress.jams.pub/user/manuscripts/resubmit/6b21b537cabe509685b07877065ef0f4>

Your co-authors can also view this link if they have an account in our submission system using the e-mail address in this message.

Please revise the manuscript according to the reviewers' comments and upload the revised file within 14 days. Use the version of your manuscript found at the above link for your revisions, as the editorial office may have made formatting changes to your original submission. Any revisions should be clearly highlighted, for example using the "Track Changes" function in Microsoft Word, so that changes are easily visible to the editors and reviewers. Please provide a cover letter to explain point-by-point the details of the revisions in the manuscript and your responses to the reviewers' comments. Please include in your rebuttal if you found it impossible to address certain comments. The revised version will be inspected by the editors and reviewers.

Do not hesitate to contact us if you have any questions regarding the revision of your manuscript. We look forward to hearing from you soon.

To expedite the publication of your article, your help is required to prepare the final version in the journal's format by following the step by step guidelines at

<http://www.aimspress.com/aimsagri/news/solo-detail/instructionsforauthors>.

Please provide us the final version by using this email account (Word files or all LaTeX related files, compressed as a single zipped file).

After receiving your final version in the journal's format, we will prepare for publication and send you the proof for approval.

Further, to maximize the impact and readership of your paper, AIMS will do everything possible to make it reach all interested readers in the shortest possible time. To this end, we would need your help in providing an extended list of names with email addresses of those people who may be interested in your paper, especially the authors of the references you cited. Please prepare the list as a Excel file formatted as "name; email;" (one per line) via email. With your suggested list, we will invite them to browse this published issue online.

Dear Dr. Kuntorini,

We invite you to proofread your manuscript prior to publication:

Manuscript ID: Agri-444

Type of manuscript: Research article

Title: Maturity effect on the antioxidant activity of leaves and fruits of *Rhodomyrtus tomentosa* (Aiton.) Hassk.

Authors: Evi Mintowati Kuntorini, Laurentius Hartanto Nugroho *, Maryani, Tri Rini Nuringtyas

Notes: Please find the edited version and upload the final version of the manuscript via this email.

Please revise your paper at the version that I send to you.

When you revise your paper, please highlight it.

Please read the following instructions carefully before proofreading:

1) Download the manuscript from the link provided at the end of this message and upload the final proofed version at the same link within 48 hours (NULL working days). If you experience any difficulties, please contact the AIMS Agriculture and Food Editorial Office.

2) Please ensure that any blinding of the paper, including self references, for peer review purposes are now corrected and entered as should appear for publication.

3) Please use Microsoft Word's built-in track changes function or comments to highlight any changes you make, or send a comprehensive list of changes in a separate document. Note that this is the *last chance* to make textual changes to the manuscript. Some style and formatting changes may have been made by the production team, please do not revert these changes.

4) All authors must agree to the final version. Check carefully that authors' names and affiliations are correct, and that funding sources are correctly acknowledged. Incorrect author names or affiliations are picked up by indexing databases and can be difficult to correct.

After proofreading, final production will be carried out. Note that changes to the position of figures and tables may occur during the final steps. Once a paper has been published online we will not accept any corrections or changes to the published version - please refer to UCL Press editorial policies for further information. Any changes agreed to the article made later will be published separately via a Correction or Addendum.

Please download the final version of your paper for proofreading here:

<https://aimspress.jams.pub/user/manuscripts/proof/file/6b21b537cabe509685b07877065ef0f4>

and upload here:

<https://aimspress.jams.pub/user/manuscripts/resubmit/6b21b537cabe509685b07877065ef0f4>

Supplementary and other additional files can be found at the second link.

Notes: Please find the edited version and upload the final version of the manuscript via this email. Please revise your paper at the version that I send to you or upload from the link. When you revise your paper, please highlight it.

Comments: Please check highlighted text, table, and all figures.

We look forward to hearing from you soon.
