to lisa.amir

Dear All,

We apologise for any inconveniences because of our previous email. Here, we have revised the announcement.

For updating our next conference, 1st IsCARD in Bali on September, we would like to inform you that early bird registration is extended until **7 August 2018**. Please find the registration fee as below :

**Early bird (15<sup>th</sup> April – 7<sup>th</sup> August 2018)**

Local participants	: Rp. 1.500.000
International participants	: 300USD
Students (Local)	: Rp. 1.000.000
Students (International)	: 150USD

For **local (Indonesian participant)** please send the payment through :  
**Bank Transfer**  
BNI (ISCARD 2018; account number 8995-102-108001-294)

For **Foreign participant**, please send the registration form at least on **7 August 2018 (12pm)** to [iscard@ui.ac.id](mailto:iscard@ui.ac.id) in order to get early bird registration fee and kindly do the payment by cash onsite at the event.

The participant, who has sent an abstract only instead of full paper, please re-submit your full paper to IsCARD at least on **7 August 2018 (12 pm)**, otherwise, the article may not be considered by Iscard committee.

For further information regarding the registration and or full paper submission, please kindly contact us at [iscard@ui.ac.id](mailto:iscard@ui.ac.id)

Thank you,  
Best regards,

**Paper revision required** [Inbox x]

**ISCARD UI** <iscard@ui.ac.id>  
to me

Dear Dr. Amy Nindia Carabelli,

The article with the title of "The Toxicity of Maui Banana (Musa acuminata) Stem Water Extract on Bone Marrow Mesenchymal Stem Cell in vitro" is currently considered to be published in International Journal of Applied Pharmaceutics Journal in 2019. However, there are still revision from the reviewer before it can be accepted for publication.

Please revise the manuscript according to the following remarks:

**Reviewer 1**

Penulis masih harus memperbaiki penulisan di keseluruhan bagian dari manuskrip. Dalam hal substansi penelitian, pada penelitian ini didapatkan hasil toksisitas yang meningkat sebanding dengan peningkatan konsentrasi, tapi bagaimana dengan efektifitasnya sendiri?  
Method: penulis diharapkan mengganti 'dosage' menjadi 'concentration' -mohon jelaskan kalimat ini: In this laboratory experimental (true experimental) study with a posttest only control group design-results: mohon ditambahkan keterangan hasil antar apa yang berbeda, dan dimana posisi antar kedua grup -informasi mengenai MSC perlu ditambahkan -informasi mengenai asal MSC dalam penelitian ini perlu ditambahkan -penelitian dengan menggunakan kultur sel, sebaiknya menampilkan gambar berupa sel yang dikultur -belum terjabarkan bagaimana hasil yang didapatkan dapat memberikan dampak keilmuan untuk penelitian selanjutnya -tujuan dan hasil yang didapatkan belum terhubung dengan baik melalui narasi dalam pembahasan, perlu penjabaran mengenai potensi maui banana secara umum terhadap periodontitis seperti yg telah diuraikan di bagian pendahuluan.

**Reviewer 2**

Abstract: result subsection is not correct, it should be rewritten. The concentration stated in method and conclusion does not match. Introduction: Author should emphasize detailed information about MSCs. Limit of the problem and investigation are not mentioned adequately.  
Methods: Write name and model of the plate reader and other . Please write from where MSCs were obtained, company, source, origin, at twice passage number there were used the major instrument. MSCs cell culture condition and procedures should be mentioned, what was the impact of the study.  
Results: figure 1: please add Y axis title, delete "MSCs Viability" title . Please re-write the table more informative. The standard error should be represented using error bar. The table is confusing, there is no need table.  
Discussion: Author should explain importance of study. Write about the limitation of this study. There is no link between periodontitis, objective and finding of the current study discussed.

Please send us your revision before **January 4, 2019**.

Best regards,  
Lisa R. Amir,  
Chair - International Seminar for Clinical and Research in Dentistry (ISCARD)
