[RGSA] Editor Decision

2023-06-02 02:04 PM

Muhammad Naparin, Muhammad Helmi:

We have reached a decision regarding your submission to Revista de Gestão Social e Ambiental, "The Effects of Biodiversity Knowledge on Environmental Awareness and Pro-Environmental Behavior Towards Proboscis Monkey Conservation in the Area of PT. Antang Gunung Meratus".

Our decision is: Revisions Required.

Article 3433

Please cite at least 2 articles published in one of our journals: International Journal of Professional Business Review (<https://openaccessojs.com/JBReview>), Journal of Social and Environmental Management (<https://rgsa.emnuvens.com.br/rgsa>), or Journal of Law and Sustainable Development (<https://ojs.journalsdg.org/index.php/jlss>).

-Insert the authors' data, following this pattern:

Name complete. Institution of attachment. city.

pattern:

Name complete, Institution of attachment, city, state, country, email, ORCID.

-Write the abstract, following this pattern:

The structured abstract should have a maximum of 250 words following this pattern:

Objective: describe the purpose of the study and the research problem/question.

Theoretical framework: present the main theoretical bases that support the research.

Method: present the methodology used in the study, as well as the research techniques used.

Results and conclusion: present the main results and findings of the research.

Implications of the research: main managerial, academic and/or social contributions of the research.

Originality/value: describe the contribution of the study to the advancement of science in the area and/or socio-environmental management practices of organizations, aligned with the scope of the RGSA.

Keywords: minimum of 4 and maximum of 6 keywords.

Introduction

Present justifications for the research, addressing theoretical and practical contributions of the work.

In the last paragraph of the introduction, it is recommended that the objective of the article be written.

The introduction should not contain figures, tables, or graphs.

Theoretical framework or Literature Review

Obligatory or not.

Methodology

Results and Discussion

Conclusion

In the conclusion it is recommended not to use quotes, because they are the authors' own words.

In the conclusion, return to the research question and answer it.

Also in the conclusion, the authors should reflect and show how the results obtained in this research can help society and academia.

At the end of the conclusion, present limitations of the research and
