Dear Mr. Magdy Khalil (Co-Editor-in-Chief),

I received this screenshot (photo attached) from the 4th author whom you sent her the email. What is meant by my article? Because that email is your email reply to the reviewer, but I, as the first author and the corresponding author, did not receive an email from you.

After I checked the status of my article on my account, the status was still under review (photo attached). May I get an explanation about this?

That's what I want to confirm, thank you for your attention

Best regards,

Yunandar
