Dear Editor-in-Chief of The Jurnal BPI.

I would like to let you know that I have been working on revising the paper based on the comments and suggestions of the reviewer. I have done all things that I need to do to meet the requirements. Hopefully, it will be suitable for the journal requirements. And I attached the explanation about how I fixed and improved the manuscript. Please let me know if there is anything I should do to make it better.

I am looking forward to hearing from you.

Sincerely,

Nilna Amal
