Dear Chief Editor, **Dr. M. Anowar Razvy**

I am writing to submit our manuscript entitled, “**Estimation of Peatland Fire Carbon Emissions Using Remote Sensing and GIS**” for consideration for publication in Journal of Biodiversity and Environmental Sciences (JBES). Because global warming occurs due to too many greenhouse gases in the atmosphere, especially carbon dioxide (CO₂). One of the causes of the increasing amount of CO₂ gas is forest and peatland fires. Peatlands are known to store carbon stocks not only above the ground surface but also below the ground surface which if there is a fire it will turn into carbon emissions. Therefore this study tries to estimate above-ground and sub-surface carbon emissions from peat fires. They are likely to be of great interest to the vision scientists, researchers, and lecturers in remote sensing community and others who read your journal. This manuscript describes original work and is not under consideration by any other journal. All authors approved the manuscript and this submission.

I beg and sincerely hope that this article can be received as soon as possible, if possible in Mei this year. Thank you for receiving our manuscript and considering it for review. We appreciate your time and look forward to your response.

Kind regards,

Ichsan Ridwan

INNSPUB: Your Payment Initially Accepted.

Dear IchsanRidwan,

Thank you for completing payment. The payment was for manuscript processing charge of **Estimation of Peatland Fire Carbon Emissions Using Remote Sensing and GIS** to the **Journal of Biodiversity and Environmental Sciences** journal. According your uploaded transaction receipt, it is decided that your payment is initially accepted and manuscript already pleased in 'proofreading section' for proofread and edit. Please note that, this is not the final confirmation of your payment. We will still continue processing your manuscript, Once we receive the payment we will run further steps after proofreading or else. Until then, please be patience!

You may find the manuscript progress at any time by logging in to INNSPUBs Research Journal Manager panel.

If you have any questions or require assistance, please feel free to contact with us by opening a new ticket.

Dear Editor in Chief,

I apologize in advance, I would like to inquire about the progress of our article entitled **Estimation of Peatland Fire Carbon Emissions Using Remote Sensing and GIS**,

which has been declared accepted. And we have made payment for the article on April 19, 2022 and until now our article has not been published.

I tried several times to login to our account to see the progress of our articles but until now we can no longer access our account on **JBES**.

Please explain regarding this condition.

i'm sorry to say, but we really hope that our article can be published as soon as possible.

Thank you for your kind attention and cooperation.

kind regards,

Ichsan Ridwan
