SIELE Journal Unsyiah <sielejourn@unsyiah.ac.id> to me Tue, May 24, 2022, 2:16 PM

Dear Muhammad Rafiek and H. Rustam Effendi,

Thank you for submitting the manuscript, "Endangered Vocabulary and Terms of Fisheries in Hulu Sungai Tengah and Hulu Sungai Utara Regencies, South Kalimantan Province, Indonesia: Sociolinguistic Perspective" to *Studies in English Language and Education*. The reviewers have returned their reviews of your article to the journal. Both have recommended revisions before it can be considered by SIELE Journal. Attachments 1 and 2 are the first reviewer's feedback and comments, and Attachment 3 is the second reviewer's comments on your article.

Please work on the revision as suggested by Reviewer 1 first (highlight the changes in yellow), once this is done, on this same draft, continue to work on the revision as suggested by Reviewer 2 (highlight the changes in green). This is obligatory so that we can evaluate your revision more efficiently. Then write/fill in again the authors' names, affiliations, and corresponding author on the first page (see SIELE publication in 2022 for example). Please **strictly follow the journal's guidelines** when doing your revision; this includes how the *Referencas* section should be presented in the paper. It is available on the journal's website: <http://www.jurnal.unsyiah.ac.id/SIELE/about/submissions#authorGuidelines>

You must fill in the rebuttal letter form (Attachment 4) and **this is also obligatory**. Your revised manuscript and rebuttal letter are due on **June 1, 2022**. Please submit your revision on time so we have time to evaluate your manuscript and tentatively consider it for the upcoming publication of SIELE Journal, which is in September 2022.

SIELE Journal Unsyiah <sielej@unlam.ac.id> to me

Fri, Jul 8, 2022, 12:58 PM

Dear Muhammad Rafiek and H. Rustam Effendi,

Attached is your article that has been evaluated by one of our Editors. The main concern of the Editor is that:

"This article needs reconsideration for publication because, in its current form, the content is not relevant to the scope of SIELE. The authors only describe traditional fishing tools, baits, and types of fish in the fishery field. To be relevant to the scope of SIELE, the authors must relate the findings to some sort of morphological approach, phonological approach, or semantic approach (must fully integrate linguistic issues in the paper) such as lexical analysis, i.e., etymology study. In fact, the findings are not relevant to the case built in the introduction and research questions. Please see my comments in the article".

Please carefully attend to the comments in the article, work on the attached document, and send the revision back to us to this email by **August 1, 2022**. Thank you.

Best Regards,
The Editors

Dear Dr. M. Rafiek,

I hope this email finds you well.

Attached is your paper that has been edited, which includes proofreading and layout. The final most important step is that you read the whole paper and let us know if there are any changes required. At this stage, only minor changes are possible. A change in the substance of the article needs further external reviews. We will make the required changes to the document, so please identify the page, paragraph, and line where the changes are required.

For examples:

1. On page 340 (line 3 in paragraph 2), please change the misspelled words "serviced" to "served."
2. There is a space required on page 340 (line 4 in paragraph 3). The word "researchwas" should be changed to "research was".
3. On page 330 (last line of paragraph 1), please capitalize the first letter of the word "english" into "English".

In addition, please check:

1. whether the title on the first page of the article matches the title in the header of the article.
2. whether the title, author, affiliation(s), corresponding author email, author order, abstract, keywords, and references in the document are
