We've made a decision on your submission "Design of IoT-based Monitoring System for Temperature and Dissolved Oxygen Levels in Catfish Aquaculture Pond Water" to International Journal of Reconfigurable and Embedded Systems (IJRES), p-ISSN 2089-4864, e-ISSN 2722-2608, a Scopus indexed peer-reviewed journal (<https://www.scopus.com/sourceid/21101061447>). This journal has been included in the SCImago Journal Rank (SJR, <https://www.scimagojr.com/journalsearch.php?q=21100901206&tip=sid&clean=0>) and has an SJR of 0.218 (Q3).

Our decision is that minor revisions are required. The manuscript must be related to and contribute to the field of reconfigurable systems, embedded systems, VLSI design, or the internet of things (IoT). Method section is a crucial part of an article. Therefore, it should be presented sufficient clear and complete in every detail facilitating reproducible by other scientists. For your information, according to international regulations, similarity score of camera-ready paper must be less than 25%. Single author in this journal is PROHIBITED. You are asked to submit a revised full manuscript, according to the comment from reviewers. The Editors will check whether the revision already address the reviewers' comments. Failing to do proper revision may lead to the rejection of your paper. The goal of your revised paper is to describe novel technical results.

Please submit your revised paper within 8 weeks, and strictly adhere to the

Please submit your revised paper within 8 weeks, and strictly adhere to the template's instructions while using the Word (<https://iaescore.com/gfa/ijres.docx>) or LaTeX (<https://iaescore.com/gfa/ijres.rar>) formats for manuscripts.

I look forward for hearing from you

Thank you

Best Regards,
Assoc. Prof. Dr. Selvakumar Manickam
Editor-in-Chief, IJRES
ijres@iaesjournal.com

URGENT!! YOU HAVE TO DO IT!! Please make sure to double-check your final camera-ready document!!

1). Please follow the authors' guidelines as closely as possible! The IJRES author's guide and template can be found at <http://iaescore.com/gfa/ijres.docx> (or <https://iaescore.com/gfa/ijpedr.rar> for the LaTeX version).

Your article titled "Design of IoT-based Monitoring System for Temperature and Dissolved Oxygen Levels in Catf accepted for publication in the International Journal of Reconfigurable and Embedded Systems (IJRES), p-ISSN reviewed and open access journal distributed under the terms and conditions of the Creative Commons Attribution indexed by Scopus (<https://www.scopus.com/sourceid/21101061447>). This journal has been included in the SCI <https://www.scimagojr.com/journalsearch.php?q=21100901206&tip=sid&clean=0>) and has an SJR of 0.218 (Q3)

Please submit your final work along with your similarity report and proof of payment to IJRES@IAESJOURNAL contribution to the field of reconfigurable systems, embedded systems, VLSI design, or the internet of things (IoT) adhere to the authors' guide (<http://iaescore.com/gfa/ijres.docx>) and the checklist (<https://s.id/c1sSy> or <http://iaes>

Make sure to complete the biographies of authors as our template (include links to the 4 authors' profiles, do not links for all authors to the 4 icons (Scholar, Scopus, Publons and ORCID). It is mandatory!!

Instead of using different colors to convey different results in your graphics, use different patterns. Using software similarity rate should be determined (that the result is less than 20 percent). If the similarity index is greater than publication until it falls below 20%.

When you send in all of the above documents and your final paper follows all of the final instructions, your paper date of your paper's acceptance.

Your cooperation is very appreciated.

Thank you
