 To: sudarningsih sudarningsih

Manuscript. Number.: HELIYON-D-23-00943

Title: Magnetic Susceptibility and Heavy Metal Contents in Sediments of Riam Kiwa, Riam Kanan and Martapura Rivers, Kalimantan Selatan Province, Indonesia

Journal: Heliyon

Dear Dr. sudarningsih,

Thank you for submitting your manuscript to Heliyon. We have completed the review of your manuscript and a summary is appended below. The reviewers recommend major revisions are required before publication can be considered. If you are able to address all reviewer comments in full, I invite you to resubmit your manuscript. We ask that you respond to each reviewer comment by either outlining how the criticism was addressed in the revised manuscript or by providing a rebuttal to the criticism.

This should be carried out in a point-by-point fashion as illustrated here:  
<https://www.cell.com/heliyon/guide-for-authors#Revisions>.

Furthermore, please note that from January 2023, we have switched to a Numbered reference style, and we kindly request you to update the references in your manuscript accordingly.

To allow the editors and reviewers to easily assess your revised manuscript, we also ask that you upload a version of your manuscript highlighting any revisions made. You may wish to use Microsoft Word's Track Changes tool or, for LaTeX files, the latexdiff Perl script (<https://ctan.org/pkg/latexdiff>). To submit your revised manuscript, please log in as an author at <https://www.editorialmanager.com/heliyon/>, and navigate to the "Submissions Needing Revision" folder.

Your revision due date is Feb 27, 2023. We understand that the COVID-19 pandemic may well be causing disruption for you and your colleagues. If that is the case for you and it has an impact on your ability to make revisions to address the concerns that came up in the review process, please reach out to us.
