Utami Irawati:

Thank you for submitting the manuscript, "Preparation and Characterization of Heterogeneous Catalyst from Gelam Wood (*Melaleuca leucadendron*) for Biodiesel Production" to International Journal of Renewable Energy Research (IJRER). With the online journal management system that we are using, you will be able to track its progress through the editorial process by logging in to the journal web site:

Manuscript URL:

<https://www.ijrer.org/ijrer/index.php/ijrer/author/submission/12035>

Username: uirawati

If you have any questions, please contact me. Thank you for considering this journal as a venue for your work.

Dear Utami Irawati:

We have reached a decision regarding your submission to International Journal of Renewable Energy Research (IJRER), "Preparation and Characterization of Heterogeneous Catalyst from Gelam Wood (*Melaleuca leucadendron*) for Biodiesel Production".

Our decision is to: Revisions are required on your paper. At the end of this email you will find a set of comments from the reviewers.

Please revise the paper in accordance with remarks or give reasonable explanation of ignoring some remark. After doing necessary changes on your paper, please upload it in SEVEN days through the IJRER online system along with a detailed response (a SEPERATE file) in written for the reviewers concerning the performed corrections. Corrections must be provided in OTHER TEXT COLOR in the revised paper.

Note that your revised paper should be in .doc format and should be in accordance with the template for accepted papers. You can download the template from IJRER web page (<http://ijrer.org/files/template-2.doc>).

Best regards,

Prof. Dr. Ilhami COLAK

IJRER is Cited in SCOPUS, EBSCO and WEB of SCIENCE (Clarivate Analytics)

Reviewer A:

Is the paper of sufficient originality to warrant publication in the journals?:

Yes

Is the paper clearly and sensibly arranged?:

Yes

Are the analyses and conclusions a logical outcome of the data and discussion?

(If this is not the case, please outline)

:

Yes

Quality and clarity of the writing:

Neutral

Relevance of the topic for renewable energy researches

:

Excellent

Constructive feedback for the author(s):

1. Abstract is too lengthy.
2. All abbreviations should be checked.
3. Table 5 : Its language shall be simplified.
4. Chemical process shall be checked by chemistry experts.

Reviewer B:

Is the paper of sufficient originality to warrant publication in the journals?:

Yes

Is the paper clearly and sensibly arranged?:

Yes

Are the analyses and conclusions a logical outcome of the data and discussion?

(If this is not the case, please outline)

:

Yes

Quality and clarity of the writing:

Neutral

Relevance of the topic for renewable energy researches

:

Good

Constructive feedback for the author(s):

I reviewed the article "Preparation and Characterization of Heterogeneous Catalyst from Gelam Wood (*Melaleuca leucadendron*) for Biodiesel Production "

The article is well designed. But some misspellings should be revised. These misspellings are indicated on attached edit document. (Please check the attachment in the online journal management system.

Dear Utami Irawati:

We have reached a final decision regarding your submission to the International Journal of Renewable Energy Research (IJRER), "Preparation and Characterization of Heterogeneous Catalyst from Gelam Wood (*Melaleuca leucadendron*) for Biodiesel Production".

Our final decision is to: Accept

Please check the comments of the referees, and then upload your paper in .doc format using the template for accepted papers given under Information section, For Authors, on web page,

<http://ijrer.org/ijrer/index.php/ijrer/about/submissions#authorGuidelines>

in seven days.

To pay the publication fee, please visit the following link.

goshopier.com/IJRER

As the Editorial Board of IJRER, we have planned to increase the impact factor of IJRER above 6.0. It is now 5.127 in Thomson Reuters (Clarivate Analytics).

SCOPUS cite score is 4.3 and quartile is Q2 in 2020.

Therefore, your contribution will highly be appreciated if you cite at least 3 suitable publications from IJRER in your other publications accepted in different SCI journals.

Moreover, you are also kindly requested to cite at least 1 paper from IJRER and 5 or more from

www.icrera.org
www.ijSmartGrid.org
www.icSmartGrid.org

sources in this accepted paper, before uploading it to IJRER system.

Thank you for your contribution to IJRER and we hope you will consider submitting an article to IJRER again in the future.

To: ABDULLAH ABDULLAH <abdullahunlam@gmail.com>, Ainda Anwar <ainda.anwar25@gmail.com>

Assalamualaikum wr wb

Pak, Alhamdulillah setelah revisi, statusnya sekarang menjadi Accepted.

Saya sudah cek di OJSnya, tidak ada file tambahan lain yang menyatakan bahwa harus ada revisi/perbaikan lagi.

Statusnya sekarang sudah "in editing." Jadi sepertinya memang sudah tinggal mengurus pembayarannya saja. Untuk memastikan, akan saya tanyakan lewat email.

Terima kasih Pak

Wassalamualaikum wr wb.

Prof. Colak,

Thank you very much for this delightful news. It's an honor for us to have this chance of publishing our research article in the journal.

We would like to ask for a confirmation, that the next thing we should do is uploading the final version of the paper, and then continue with the payment for the publication fee, correct? And since we can't use goshopier here, would it be possible to pay the publication fee through bank transfer, as we did for the payment of the submission fee previously?

Thank you very much,

Regards,

Utami Irawati, S.Si., M. Env. &Sust., PhD*Assistant Professor*
